Order confirmation

Up to written order confirmation all offers are subject to confirmation. If the order confirmation by the contractor deviates from the order of the client, express notification of this shall be given. In this case a contract is only concluded with the written confirmation of the orderer.

Payment conditions

After assembly of the safety nets/ edge protection the total amount for assembly and the provision of the scaffolding becomes due. At the latest, however, up to the maturity date in the invoice.

After disassembly of the safety nets/ edge protection the total amount for disassembly becomes due.

At the latest, however, up to the maturity date in the invoice.

Assembly / Provision of scaffolding / Disassembly

The provision of scaffolding contains the remuneration for transport of the material to and from the site, the assembly of the safety nets / edge protection and a rental fee for up to four weeks. For longer rental of the safety nets / edge protections a separate surcharge is charged per week for the fifth and every further commenced week up to cancellation.

The resulting invoice amount shall be paid to the contractor to full amount within a payment term of 20 days. Partial disassemblies of the safety nets by the client are billed individually. Disassemblies/ partial disassemblies of the safety nets / edge protection by the client are billed, as the offered price includes a total calculation.

(Except in case of agreement in advance)

Constructive work is calculated according to the currently valid operating hour's rate.

Transport to and from the site

The arrival for assembly/disassembly is only possible as the weather allows it.

Transport to and from the site is only included for the construction section of the offer.

Every further transport to and from the site is billed to the client with 0.50 Euro/ Km and 30.00 Euro per hour and assemblyman.

Safety nets / Edge protection are rental objects

Safety nets / edge protection – do not forget to cancel!

The safety nets / edge protection you rented are provided for 4 weeks, if no deviating agreements were made. Attention: The safety nets / edge protections are not automatically disassembled after 4 weeks.

A safety net / edge protection is a rental object and must be cancelled by the client.

In general, the safety nets / edge protections should be reported as ready for disassembly if they are not needed anymore. This should be done by telephone and in writing (Fax, E-Mail, mail).

Attention: A safety net / edge protection has a cancellation term of 3 days.

Obligations of the client/ availability of building permissions

Fees for authoritative permissions shall be paid by the client. He is also responsible for the necessary inspection of the building plan, during the assembly/ disassembly. Existing hindrances, especially electrical lines shall be eliminated by the client on time, resp. need to be secured according to regulations.

Intended usage

The safety nets / edge protections may only be used for the purposes stated in the order. Safety nets / edge protection may not be loosened or disassembled unprofessionally by the client.

If this is done anyway, the warranty term expires at this point in time.

Material damage and warranty

During the provision of the scaffolding the client has the duty of exercising proper care.

Damaged resp. stolen safety nets / edge protections are billed to the client.

The contractor does not assume any liability for damages that are unavoidable during assembly of the safety nets / edge protections (drilling work), as the adherence to legal building regulations must be guaranteed.

Reclamations can only be considered within 24 hours as of finished assembly.

Standstill / Delay

If the assembly is delayed mandatorily due to grave circumstances that the contractor is not responsible for, the standstill time of the assemblymen is billed with the usual hourly rate per assemblyman.

The contractor will inform the client about the delay immediately.

If the delay occurs to an unreasonable extent, the contractor may resign from the contract.

The client must pay all costs accrued until that time.

For example transport, hotel, working platform, assemblyman transport time, material transport at the operating hour's rate and the transport from the site.

Self advertisement

The contractor is allowed to assembly self advertisement on the safety nets / edge protections free of charge.

Verbal agreements

Are only valid if they are confirmed in writing.

Legal validity

If individual contract clauses of the above stated are wholly or partially not part of the contract or ineffective, the contract remains effective in its other parts.
